

THANKSGIVING DONATIONS

Thanksgiving is coming up quickly and the Knights of Columbus need your help. There are many in our parish community who struggle during the holidays to put a beautiful meal out for their family and this year due to inflation that struggle is very real. We would like to help these families have a beautiful Thanksgiving dinner by putting together meal baskets. These baskets will include turkeys provided by the Knights and with your help, all the traditional fixings we have all come to love.

We are asking for donations of nonperishable items such as stuffing, green beans, yams/sweet potatoes, cornbread mixes, gravy mixes, and who can forget cranberry sauce and pumpkin for pies. In addition, some items such as rice, tortillas, pinto beans, and Rotel to spice things up are just a few ideas. If you are unable to go out and find these items, please consider making a cash donation and let us do the shopping for you!

This is a time of being thankful for the blessings in our lives and a time to share those blessings among others. Please help us by donating items and helping other families like your own, be able to gather around the table and enjoy celebrating Thanksgiving without worry and with true thankfulness in their hearts, minds, and souls.

There will be a box located in the Narthex where you can leave your nonperishable donations and if you would like to leave a cash donation there will be an envelope attached to the inside of that box. Thank you in advance for all of your help.
